The launch was officiated by its chairman Jason Tai, chairman Lydia Toh and NS Bluescope Malaysia president Pongsak Padungkarn.

During the launch, guests were given a hands-on demonstration on the product roll-forming and installation.

“With modern developers, industrial projects as well as homeowners place greater emphasis on roofing aesthetics. NS Bluescope Lysaght’s flagship roofing, Lysaght KLIP-LOK Optima, is set to gain popularity among Malaysian architectural landscape owing to its visual attractiveness, as well as its strong quality and striking performance,” Tai said in his speech.

He assured that NS Bluescope Lysaght is committed to provide value-added, cost-effective building solutions and services to the construction sector in Malaysia.

NS Bluescope Lysaght (Sarawak) Sdn Bhd, a subsidiary of Pan Sarawak Holdings Sdn Bhd, was established in 1977.

The company comes under the umbrella of Bluescope Steel Limited Australis, a world steel solutions provider.
